--	---	--	--	---

Agenda:

1. Review minutes from the last Meeting (November)
2. SSP Data
3. Staff PD that occurred from January 4 - 8
4. Questions

Notes from the Agenda:

- Reviewed Nov. Minutes: Almost ready to share the video produced for Active Smarter Kids (ASK).
- SSP: Ms. Knol reviewed our student data walls, using the pictures and explained the results.
- Data shown compares T1, T2, and T3 this year. Couldn't compare data from the end of last year (T3) to the current year (T1) because of Covid and the change to at-home learning from March to June 2020.
- The numbers (students) at the bottom of the walls represent students who also have IPPs. It's a good visual reminder to consider, "Why aren't these students meeting level 1?"
- SSP Funding ideas will be shared and agreed upon by email unless a separate meeting is required.
- Staff January Professional Development was shared: How to be an Ally and Land Acknowledgements. A couple of versions of Acknowledgements were shared.
- An explanation of the week and how it was planned through Regional, Provincial and School-focused opportunities.
- Mrs. Armstrong shared Math Up resource as one of the professional development opportunities available to staff.
- Some of the other professional development explored by teachers: Second Step, Physically Active Lessons, Curriculum planning, Student Services Session, Jody Carrington Modules, Data review.

Links from the PD to be provided by email - TK (done)

Next meeting: March 8, 2021 (6:00pm) which had to be rescheduled to May.
